

# MSC Fabrication Summary

Monday, April 12, 2021 7:54 PM

## Fabrication

**MARS SPACE CONSTRUCTION, LLC** knows that engineering and design do not mean much if the project components are over-due, and over-budget.

We have formed alliances with select fabricators who have a proven record of delivering high quality products on-time and within project budgets.

Therefore reducing your design cycle time, from project inception through completion.

- On-Site Fabrication and Assembly
- Structural and Pipe Fabrication
- Coded Vessel Fabrication and Repair
- On/Off-Site Sandblasting and Painting
- Equipment Maintenance and Repair
- Certified Instrument Technicians
- On-Site Hydro-Testing and X-Ray
